

Mosquito Dunks® from Summit are a safe, nontoxic way to control mosquitoes before they become flying, biting, disease-carrying adults. Approved for Organic Production and Gardening.

Frequently Asked Questions About Mosquito Dunks®

Mosquitoes have always been an annoying and sometimes deadly aspect of summer and with the recent spread of West Nile virus there has been a heightened interest in mosquito control throughout the United States. Homeowners, ranchers and farmers looking for a safe, nontoxic way to control mosquitoes can use Mosquito Dunks®, which kill mosquitoes *before they can become flying, biting, disease-carrying adults.*

What is a Mosquito Dunk®?

A Mosquito Dunk® looks like a small, beige donut which floats on standing water. As the Dunk® slowly dissolves, it releases a bacterium which is toxic to all species of mosquito larvae. Mosquito Bits® are a granule that contains the same active ingredient found in the Dunks®, but unlike the Dunks® the Bits release the larvicide immediately.

What is the active ingredient in Mosquito Dunks®?

The active ingredient in Mosquito Dunks® is *Bacillus thuringiensis* subspecies *israelensis*. (B.t.i.). B.t.i. is a bacterium that is deadly to mosquito larvae but harmless to other living things.

Where should Mosquito Dunks® be used?

Just float a biodegradable Mosquito Dunk® in water troughs, koi ponds, birdbaths, rain barrels or any place where water collects and remains for periods of time. When female mosquitoes lay their eggs in standing water treated with a Mosquito Dunk®, the larvae will hatch and begin to eat the B.t.i. The B.t.i. will kill the mosquito larvae before they can grow up to become biting and disease-spreading adults.

How do Mosquito Dunks® work?

While floating, a Mosquito Dunk® slowly releases a long-term biological mosquito larvicide at the water's surface. This larvicide gradually settles in the water, and while it travels through the water it is eaten by the mosquito larvae growing there.

Item # 102-12
2 Dunks® carded
12 cards per Case
Each UPC 0-18506 00102-5
Case 100-18506 00102-2

Item # 102-24
2 Dunks® carded
12 cards per strip
2 strips per case
Each UPC 0-18506 00102-5
Case 200-18506 00102-9

Item # 110-12
6 Dunks® per card
12 cards per case
Each UPC 0-18506 00110-0
Case 100-18506 00110-7

Item #111-5
20 Dunks® per card
5 cards per case
Each UPC 0-18506 00111-7

FOR ORGANIC PRODUCTION

What kinds of mosquito larvae will a Mosquito Dunk® kill?

There are approximately 2,500 species of mosquitoes throughout the world. The B.t.i. in Mosquito Dunks® will kill the larvae of **ALL SPECIES** of mosquitoes.
